VALLEY POST.

PORTSMOUTH, OHIO.

OCTOBER : : : : : 19 : : : : : 1842.

Announcements.

Notice.

To the Electors of Wayne township Scioto county Ohio. Gentlemen I again offer you my services as Candidate for the office of JUSTICE OF THE PEACE, for the Township aforesaid.—If elected I will serve you as I have done, to the best of my abilities faithfully.

WILLIAM JONES.

October 18th—3w*

MR. CAMDEN:—Please announce the name of ABIAH CURTIS as a candidate for Justice of the Peace for Wayne township at the ensuing election.

MANY CITIZENS.

MR. CAMDEN:

Please say to the voters of Wayne township that I will act as Justice of the Peace if elected at the ensuing election.

C. MCCOY.

MR. CAMDEN:—Please inform the citizens of Wayne township that WILLIAM P. RIPLEY is a candidate for Justice of the Peace at the ensuing election.

MANY VOTERS.

Ohio Election--The grand result.

When we issued our paper last night, we were impressed with the belief that Governor Shannon's majority would be over four thousand votes, but from the returns since received, we think it will fall rather under that amount. It must range from 2,000 to 5,000 somewhere. The returns being unofficial, of course some errors would occur. The Legislature will stand, without doubt, as we give it to-day in our table—Senate, 22 dems., 14 feds.—dem. maj., 8. The House, 41 dems., 31 feds.—dem. maj. 10—18 on joint ballot! Trumbull, which all parties here seemed to concede to the democrats, has gone federal, and reduced the expected Legislative majority of last evening to 18. This is, indeed, one of the greatest achievements, under the circumstances, ever witnessed. See tables for results as near as can be come at to-day. THE COON IS DEAD!—Statesman.

Postscript.

We just learn that a correction of errors in Pickaway county, gives Dr. Olds, democrat, a majority of one vote, and that he will receive the certificate of election, if so, we shall have 20 majority on joint ballot.—Statesman.

GEORGIA ELECTION.

The people of Georgia seem to be skinning coons as well as those of other States. The returns this morning indicate a clear democratic sweep in that State.

For the Scioto Valley Post.

MR. EDITOR:—I am anxious, before leaving your city, to bear my testimony to the science and skill of Dr. MELIS, who is now on a visit to Portsmouth. A gentleman in all that belongs to the courtesies of life, and a thorough proficient in the knowledge and practice of Dentistry, his temporary residence among you presents an admirable opportunity to all who are suffering from defective teeth, to have such painful evils either entirely eradicated or fully remedied.

Speaking as I do from experience, I can truly say, that all who will patronize Dr. M. will be abundantly satisfied with his prices and his work.—He is no Quack. A FRIEND TO GOOD TEETH.

By order of the President:

F. CLEVELAND, Rec. Sec.

Portsmouth, Oct. 18th, 1842.—3t.

TO IRON MANUFACTURERS.

John Clark McManaway's

New and useful improvement in running out or refining metal, for the purpose of making Bar-Iron.

THE plan consists of a close fire, by cast plates, running up the chimney 7 feet, 3 by 3½ feet at bottom, and 18 inches square at top; the pig and coal is put in at the top of the fire, and the blast is received on two sides. The two-iron plates are as thick as those commonly used, and the plates on the top of them are one inch and a half by one inch thick, and 18 inches square at top. Having received Letters Patent for the same, I now offer it to the public on reasonable terms.

Any information can be had, by addressing me, at Portsmouth, Ohio. J. C. McMANAWAY.

CERTIFICATE.

HANGING ROCK, August 30, 1842.

The undersigned having used Mr. J. C. McManaway's Patent Run-out Fire for about two years, take pleasure in recommending it to the public, and more particularly to all Iron Manufacturers as an improvement on the open fires, or on the old plan of running out metal.

The cupola, or patent fire, will save at least one fifth in the fuel used; will make as much metal in a given time as two open fires; and refine metal of as good quality as the open fires.

We have used a fire of this kind for two years, and have derived such advantage from it, that we can cheerfully recommend it.

Mr. McManaway has also put one up at Portsmouth, and had one put up at Wheeling, both of which have succeeded admirably. These, with ours, are the only ones now in use in the United States.
