MINUTES
SHAWNEE STATE UNIVERSITY
BOARD OF TRUSTEES MEETING
NOVEMBER 21, 1988

The meeting was called to order by Chairman Hyland.

Roll Call

Members Present: Dr. Carson, Mr. Ferguson, Mr. Piatt, Mr. Reinhardt,
Mr. Thompson, Ms. Riffe, Mr. Winters, Mr. Hyland

Members Absent: None

Approval of Minutes

Ms. Riffe moved and Mr. Thompson seconded a motion to approve the
October 17, 1988 Board of Trustees minutes.

Ayes: Ms. Riffe, Mr. Thompson, Mr. Ferguson, Dr. Carson, Mr. Piatt,
Mr. Reinhardt, Mr. Winters, Mr. Hyland

Nays: None

Approval of Amended Agenda

Mr. Winters moved to remove Resolution 46-88 from the table and with
the addition of this resolution to approve the amended agenda. The motion
was seconded by Mr. Piatt.

Ayes: Mr. Winters, Mr. Piatt, Ms. Riffe, Mr. Thompson, Mr. Ferguson,
Dr. Carson, Mr. Reinhardt, Mr. Hyland

Nays: None

President's Report

Dr. Ewigleben asked Dr. Addington to begin the report. Dr. Addington
stated that later in the meeting Resolution 48-88, transfer of the PN
program to the Scioto County Vocational School, would come before the

board for approval. Consideration for moving this program is timely so that the Vocational School can begin their plans for this program.

Dr. Kadel, Dean of the Allied Health Programs, announced that 100% of the Medical Lab students passed their board tests. The students were rated in the top 3%, with only two colleges in Ohio having better records.

The review of Medical Lab Program has been completed and the five year Master Plan approved by the state accreditation board. This is a result of work done by former Director Fred Law and by present Director Pamela Staton.

Dr. Addington completed his report by stating that the United Way campaign at the University was a success with 124% of the goal accomplished. Gary Gulker was chairman of the campaign on Shawnee State's campus.

Ms. Riffe stated that she is proud of the reviews of the technical programs that have been completed and suggested that perhaps consideration should be given for the creation of committees or a task force including persons from the medical fields to help in the assessment of program reviews.

Mr. Howard asked two members of the Student Services staff to speak on development in their areas. Harry Weinbrecht, Athletic Director, stated that his department has had an ambitious program in promoting four sports for the University this year: volleyball, baseball, basketball, and spring golf. Both men and women have been successful and trophies were displayed showing the recent success in the sports.

Mr. Weinbrecht also stated that a Booster Club has been organized to help promote the athletic programs. There are some 100 members, 114 season tickets have been sold, and WNXT is broadcasting basketball games. He suggested that Board members might like to join the boosters and was informed that several of them are already members.

Steve Midkiff, Registrar, gave each Board member a copy of the fall enrollment report. He stated that the University is too young to look at trends. However, he prepared a report giving demographics and statistics

concerning university student enrollment. A copy of this report is attached and made a part of these minutes. Dr. Carson thanked Mr. Midkiff for a well prepared and well presented report.

Mr. Hawk reported that a three year contract has been negotiated with CWA, representing hourly employees. He thanked the administrative team for their contribution to these negotiations. Members of this team are Elinda Boyles, Bill Decatur, and Gene Wilson. Mr. Hawk stated it is a very good contract for the University. Administrators have met to discuss the contract to avoid problems with CWA relations. Elinda Boyles is the contact officer for union matters.

Ms. Riffe asked Mr. Hawk to name the persons who represent hourly employees during CWA negotiations. They were Ben Winters, Terry Greenhill, Vicki Stacey, from the University, Bob Arnett, President of the CWA Local, and Marie Higgenbottom, CWA representative. Ms. Riffe extended her thanks for their work on a job well done and stated that negotiations are a two-way street.

Continuing, Mr. Hawk stated that a Controlling Board request for \$435,225 has been submitted to purchase land from Community Action, Portsmouth Insurance, and the City of Portsmouth.

Mr. Hawk referred to two resolutions to be presented to the Board for approval later in this meeting, the first being the selection of architects for the Student Center and the second resolution to approve Mary Freeman to replace Barbara Vansickle, who has resigned.

A question was referred to Mr. Hawk asking if state agencies and especially the Hinig Committee were being kept informed concerning land acquisition. Mr. Hawk stated that Dr. Biddle has been working with the Hinig Committee and that all other agencies (OBR, State Architects, OBM) are being kept informed.

Susan Warsaw, Director of Development spoke regarding the Federal Endowment Challenge Grant, approved for submission. She stated that the final member has been appointed to the Shawnee State Foundation, and they have met and are making plans for seeking the matching funds of \$500,000 to qualify for the grant. She stated that the Foundation has much work ahead, but have accepted the challenge.

Dr. Ewigleben spoke concerning the grant stating that the growth of any University is in its ability to get grants and endowment funds; private colleges depend and are built on endowments. He feels that the University has a unique opportunity to promote this project and make it successful as a pattern for future development. Grants and endowments are the backbone of university development.

Dr. Ewigleben further explained that persons planning university academic programs must have foresight. Those people directly involved with individual programs should decide the direction of the program. They can tell what is going to work and what is not going to work.

Mrs. Warsaw answered the question of membership in the Foundation, stating that there are 13 members. Mr. Hyland stated he feels that this is a very good group with a real cross section of members who have the expertise to raise \$500,000.

Mr. Hyland stated that by-laws governing the Board of Trustees have been distributed for consideration at the next Board meeting. He complimented Dr. Horr for a job well done.

The question of expansion of student housing was raised, and after discussion Mr. Hyland appointed Mr. Thompson and Mr. Winters as an ad hoc committee to work with Dr. Gleason and Mr. Howard concerning student housing expansion. Mr. Hyland also suggested that the lighting at the current student housing facilities should be upgraded. The lighting is very poor around this facility.

Dr. Ewigleben stated that changes in rules governing enrollment caps at universities allow new student housing to be built on college and university campuses, which could have an effect on Shawnee State's enrollment. Shawnee State must do more far reaching recruiting and must have the facilities to house students in order to do this.

New Business

Mr. Winters moved to adopt Resolution 46-88, naming Baxter, Hodell, Donnelly, Preston, of Cincinnati, Ohio, as architects for the design of the new University Center. Mr. Piatt seconded the motion.

Ayes: Mr. Winters, Mr. Piatt, Mr. Reinhardt, Ms. Riffe, Mr. Thompson,
Mr. Ferguson, Dr. Carson, Mr. Hyland

Nays: None

Mr. Ferguson moved and Mr. Thompson seconded a motion to approve Resolution 47-88 commending the University Center Architectural Selection Committee for their work.

Ayes: Mr. Ferguson, Mr. Thompson, Mr. Winters, Mr. Piatt, Mr. Reinhardt,
Dr. Carson, Ms. Riffe, Mr. Hyland

Nays: None

Dr. Addington gave information regarding the transfer of the Practical Nursing Program to the Vocational School. He stated that this is in the best interest of the University and in the best interest of the students.

Mr. Winters stated that he had talked with Bill Napier, Vice Chancellor of the Ohio Board of Regents, and that OBR might pursue changes in funding of the Practical Nursing Program that might be of advantage to the University. He recommends that this resolution be tabled to see if OBR takes action and to talk with students concerning their feelings on the transfer of the Practical Nursing Program. A question concerning the cost of maintaining this program at Shawnee State was asked and Dr. Addington stated the cost was \$50 to \$80 thousand per year beyond income.

After discussion it was the consensus of Board members that they would table this resolution until the December 10, 1988 board meeting giving OBR a chance to act.

Mr. Winters moved and Ms. Riffe seconded a motion to table Resolution 48-88 until the December 10, 1988 Board meeting

Ayes: Mr. Winters, Ms. Riffe, Mr. Reinhardt, Dr. Carson, Mr. Ferguson,
Mr. Thompson, Mr. Piatt, Mr. Hyland

Nays: None

Dr. Carson moved and Mr. Reinhardt seconded a motion to approve Resolution 50-88, Personnel.

Ayes: Dr. Carson, Mr. Reinhardt, Mr. Winters, Ms. Riffe, Mr. Piatt, Mr. Thompson, Mr. Ferguson, Mr. Hyland

Nays: None

Mr. Thompson moved and Mr. Reinhardt seconded a motion to go into executive session to discuss Resolution 49-88, CWA contract.

Ayes: Mr. Thompson, Mr. Reinhardt, Dr. Carson, Mr. Winters, Mr. Piatt, Ms. Riffe, Mr. Ferguson, Mr. Hyland

Nays: None

The Board went into executive session at 8:37 P.M.

Mr. Thompson moved and Ms. Riffe seconded a motion to reconvene the meeting.

Ayes: Mr. Thompson, Ms. Riffe, Mr. Reinhardt, Dr. Carson, Mr. Piatt, Mr. Ferguson, Mr. Winters, Mr. Hyland

Nays: None

Ms. Riffe moved and Mr. Winters seconded a motion to adopt Resolution 49-88, approval of CWA contract.

Ayes: Ms. Riffe, Mr. Winters, Dr. Carson, Mr. Ferguson, Mr. Thompson, Mr. Reinhardt, Mr. Piatt, Mr. Hyland

Nays: None

Mr. Ferguson moved and Mr. Thompson seconded a motion to approve Resolution 51-88, appointment of Dr. Catherine Horr as acting president until February 1, 1989 and then as interim president until a new president is named.

Ayes: Mr. Ferguson, Mr. Thompson, Ms. Riffe, Mr. Reinhardt, Mr. Piatt,
Mr. Winters, Dr. Carson, Mr. Hyland

Nays: None

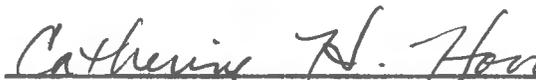

Other Business

Mr. Hyland announced that the December Board meeting will be held on Saturday December 10, at 4 P.M. in the board room and following that meeting at 6:30 P.M. the Board and President Ewigleben will host Shawnee State's yearly Christmas party at the Shawnee State Lodge.

The Board adjourned by acclamation at 10:15 P.M.

Chairman, Board of Trustees

Secretary, Board of Trustees

RESOLUTION 50-88

The following applicant has been screened, interviewed, and recommended by the proper University personnel for employment, and Dr. Ewigleben has reviewed the candidates credentials and approves employment,

Therefore, be it resolved that the Board of Trustees of Shawnee State University authorizes the employment of the following individual at the stated yearly salary:

Mary C. Freeman, as Programmer for the UIS Department \$18,000
(Replacement for Barbara Vansickle who has resigned)

MARY CHAPMAN FREEMAN
2200 Timlin Hill
Portsmouth, OH 45662

CAREER OBJECTIVE

To obtain a position utilizing skills in software/systems analysis and design.

EDUCATION

Bachelor of Business Administration in Computer Systems in Business
Ohio University, Athens, Ohio, 1987, summa cum laude

EXPERIENCE

HARDWARE: IBM 36, VAX 11/780, MicroVax, Xerox 6085, IBM PC/Clones

SOFTWARE: ULTRA Relational Database Management System, Word Processing,
dBASE III+, LOTUS 1-2-3, All-In-One, Electronic Mail, Accounting
Packages

LANGUAGES: COBOL, BASIC, MANTIS, SPECTRA, Assembler

Shawnee State University, Corporate Trainer, 1987-Present

Currently head a training team for the Continuing Education Department. Designing and implementing a training package for Martin Marietta Energy Systems. Courses include Intro to Personal Computers, Intro to DOS, WordPerfect, LOTUS 1-2-3, and dBASE III+.

Taught Intro to Data Processing, BASIC I, COBOL II, LOTUS 1-2-3, Accounting I and II, Basic Accounting, Business Communications, and dBASE III+ in regular session.

EnergyAmerica, Inc., Data Processing Manager, 1984-1988

Supervised design and implementation of changeover from manual to computer-based office system. Responsible for all accounting/computer-related activities, including Accounts Receivable, Accounts Payable, General Ledger, and Inventory. Trained office personnel on use of computer. Developed payroll, job-cost, and lay-a-away account programs.

Xerox Corporation, Credit/Collection Representative, 1974-1978

Sales Representative. Credit/Collection Representative. Secretary to Branch Sales Manager.

Procter and Gamble Company, Data Analyst, 1969-1971

Served as liaison between Market Research and Advertising, furnishing both departments with computerized data to enable strategy planning.

AFFILIATIONS/ACTIVITIES

Beta Gamma Sigma, Business Fraternity
Data Processing Management Assoc.
Notre Dame High School Board
Religious Education Teacher

Mercy Hospital Guild
Portsmouth Women's Tennis League
Montessori Learning Center Board
Various Local Fundraising Committees

SHAWNEE STATE UNIVERSITY

Student Data Report
Fall 1988

November, 1988

By
Stephen J. Midkiff
Registrar

INTRODUCTION

The following summary attempts to gather, from the Longitudinal Student Data Report, the Enrollment Report, and other data sources, information that would indicate some of the directions of growth or decline at Shawnee State University. It is not intended to be statistically exact, but only attempts to pick up indicated patterns. These could be used in the planning and decision making for the future of services, programs, etc. offered to students attending the university.

The analysis of trends and extrapolation beyond the data is difficult because of the change of status from community college to university. The effect of this change is evidenced by the changing demographic patterns included in this report.

Student Data Report

Summary

Longitudinal data provides a picture of the changes occurring at the university over time. These changes could have an effect upon strategic planning and decisions for the future. The following are presented:

1. County of Residence

Scioto County continues to be the primary source of students for the university, with the percentage of SSU students from Scioto County rising in the Fall '88 to 69.2%. Most surrounding county enrollment decreased slightly from prior years.

2. Out-of-State

SSU students from states other than Ohio has shown steady growth for over 10 years; however, a slight decline has been noted in the past two years.

3. Student Characteristics

The age composition of the SSU student body had not shown dramatic shifts until 1986. In 1986, 1987, and again in 1988 a shift to younger students is evident with the 22-29 year olds increasing dramatically.

Single students continue to gradually increase in comparison to married students. This follows a pattern that has been occurring for several years.

While females have increased in number (and percentage) at SSU for several years, 1988 data gives a slight decline among females (2%) and an increase in the male population.

4. Racial/Ethnic

The minority population at SSU is increasing--up approximately 19% over 1987. The black population on campus (not including SOCF) has increased dramatically. Particularly, the 1988 number of black males has risen 25% from the next highest year, 1986.

5. Time of Attendance

The day/evening comparison of students has returned, after a severe drop in evening students in 1987, to the pattern of previous years, approximately 2:1 (day to evening) ratio. Perhaps the 1987 data was a short-lived reaction to the change in evening course meeting times.

6. Student Rank

The onset of baccalaureate programming has had the expected impact upon the pattern of student rank. For the first time, SSU has 450 juniors. This also effected a proportionate decline in the number of sophomores. How much of this increase/decrease is attributable to pent-up demand is yet to be determined.

7. Student Status

First-time students at SSU have increased, with a 10% increase in students coming directly from high school. Continuing students declined slightly (not predicted in light of Trend 6). Transfer students increased from 67 to 81, a 21% increase over 1987.

8. Undecided Students

A dramatic increase in the number of students undecided as to major has been noted from previous years. Almost 40% of all incoming students are listed as undecided.

November, 1988

Introduction

The analysis of student data for the Fall, 1988-89, quarter gives an overview of the student body in areas of residence, sex, marital status, age, race, college rank, and student status. Comparison data with previous years is also presented. The data examines the college population as a whole and not individual programs. More detailed information is available from the Registrar.

Data Analysis

The following chart gives an overview of the student body in terms of part-time/full-time, freshman/sophomore, male/female, day/night and total enrollment. This table covers the five-year period of 1983-88

Student Population

	<u>FRESHMAN</u>					<u>SOPHOMORE</u>				
	<u>Total</u>	<u>Male</u>	<u>Female</u>	<u>Day</u>	<u>Night</u>	<u>Total</u>	<u>Male</u>	<u>Female</u>	<u>Day</u>	<u>Night</u>
<u>FALL 1983</u>										
Part-Time	607	233	374	187	420	274	100	174	75	199
Full-Time	996	451	545	865	131	542	231	311	473	69
Total	1603 (66.2%)					816 (33.7%)				
<u>FALL 1984</u>										
Part-Time	579	204	375	224	355	291	122	169	96	195
Full-Time	928	416	512	816	112	516	218	298	463	53
Total	1507 (65%)					807 (35%)				
<u>FALL 1985</u>										
Part-Time	570	235	335	219	351	275	100	175	92	183
Full-Time	1063	467	596	911	152	551	254	297	481	70
Total	1633 (66%)					826 (34%)				
<u>FALL 1986</u>										
Part-Time	634	236	398	281	353	282	81	201	103	179
Full-Time	1270	563	707	1057	213	609	291	318	530	79
Total	1904 (68%)					891 (32%)				
<u>FALL 1987</u>										
Part-Time	608	210	398	241	367	324	116	208	118	206
Full-Time	1342	554	788	1220	122	696	337	359	635	61
Total	1950 (65%)					1020 (35%)				
<u>FALL 1988</u>										
Part-Time	615	248	367	219	396	* <u>SOPHOMORE</u> '88			* <u>JUNIOR</u> '88	
Full-Time	1280	512	768	1160	120	622 (Total)			450 (Total)	
Total	1895									

*Detail data unavailable for Sophomore/Junior

When the student population is viewed in terms of race, sex, residence, and marital status, (See Figure 1), we find that over half the students would be white, female, single, and living in Scioto County. The graphs show that we have 93.5% white students, 58% female, 69.2% from Scioto County, and 70.5% single.

Figure 2 gives age breakdown and the student status as a continuing, first-time, returning, etc. student. The graphs show our largest population to be first 18-21 years in age, 40.6%, then 22-29 years, 27.4%, followed by 30-39 years, 22.1%. The continuing student comprises 52.4% of our population with first-time students, 30.4%, and returning students, 14.5%.

Comparison Data

The data presented in this section will compare the years 1986, 1987, and 1988 to analyze any change in the student population as to residency, gender, marital status, age groupings, race, and status.

Our Freshman students usually spend more than one year to complete the Freshman year. This is pointed out by our large continuing student population and our large Freshman population.

The data (Fig. 6) illustrates a rapidly growing single population (15%+) in the last three years.

The university should consider more services to meet the needs of the single student. With an approximate 30% married population, the university has an appeal to married students. This, coupled with a large, other than high school first-time population and a large 22-39 age group, has implications for our recruiting.

The day/evening student ratio and the part-time/full-time ratio should be analyzed by program directors to determine the best time to offer classes and class sequences. Other data illustrates that the 1987 decline in evening students has been reversed and the number of evening students have returned to the 1986 level.

The changing nature of our population over the past few years suggests the necessity of continued research and its utilization in planning programs, recruiting, and services for the future. Hopefully, this data will assist in the future growth and development of Shawnee State University. Being aware of our present and past student body composition will allow us to better prepare for the future.
